You Can Make More Profits With Burpee's Seeds

To Market Growers and Florists:

The House of Burpee, during its more than sixty years of business activity, has always concerned itself whole-heartedly about widening its ever-growing circle of patrons and friends by supplying **The Best Seeds that Grow** at the well-known **Burpee Low Prices**.

We are proud to record that we have sincerely and successfully co-operated with our patrons, and provided them with quality seeds at such reasonable prices that they have been helped to greater success. This policy has naturally worked to our mutual advantage, for it has also enabled us not only to hold our own during these depression years, but also to make very definite progress. Last October we moved to our new home, The Burpee Buildings, 18th Street and Hunting Park Ave., Philadelphia (on U. S. Route No. 1).

These buildings, combined with our Fordhook seed farms at Doylestown, Pa., and our Floradale farms at Lompoc, Calif., and thousands of acres in Idaho and Michigan, constitute one of the most extensive and efficient establishments organized for the growing and distribution of seeds in America.

We do not scatter our energies by trying to be Nurserymen or Plantsmen—*although, of course, we deal largely in Bulbs and Roots suitable for our Florist trade*—but we concentrate more particularly on the production of highly bred seeds.

We are prepared, with the largest stock of seeds we have ever harvested and tested, to fill your orders with greater promptness and dispatch than ever before; and will appreciate your early orders, because we think the demand for seeds this year will approximately equal the supply.

Most of the recipients of this wholesale list know that the **Burpee Standard of Quality** has never, at any time, been lowered because of the low prices we quote, and to our new friends of 1936 we repeat that our business policy will continue to be in the future, as it has always been during the past sixty years—a sincere endeavor to increase the number of our patrons by providing them with **The Best Seeds that Grow** at **Low Prices** and with the liberal **Burpee Guarantee** (*see next page*).

Let us supply you with **Burpee's Seeds** this season; then we will know that we shall continue to do business with you for many years to come.

Yours for the Best Seeds that Grow,

W. ATLEE BURPEE CO.

Special Wholesale Prices

For exclusive use of

Market Gardeners, Truckers, and Florists

Effective January 1, 1936, all invoices for purchases will be charged at the prices quoted in this Burpee Blue List, unless **SPECIAL OFFERS** are made by letter or telegram and referred to when the order is placed.

We expect to adhere throughout the spring to the prices quoted herein, unless some causes beyond our control require a change, in which case we shall be governed by the market. All goods are offered subject to prior sale, and we reserve the right to change prices without notice if it should become necessary.

Credit and Terms of Payment

Our terms are cash with order unless you have an account with us or are satisfactorily rated by the commercial agencies. To regular customers and those of approved credit, our terms are **60 days net**; 2% discount for cash in ten days from date of invoice, or 3% discount when cash accompanies the order, for Vegetable and Flower Seeds and Flower Bulbs. **No discount** on Grass or Clover Seeds, Onion Sets, Potatoes, Roots, and Supplies, which are **net cash**.

New customers, unless satisfactorily rated with the commercial agencies, should furnish us with at least three trade references. Orders from new customers amounting to less than \$5.00 should be accompanied by cash.

Orders for seeds will be shipped C. O. D. upon receipt of a deposit of 25% of the value of the order. Due to their perishable nature, Bulbs and Roots **cannot** be shipped C. O. D.

You run no risk in sending remittance with your order. Our reputation as honest and experienced seedsmen is known the world over. You can inquire of any bank or trust company or of your neighbors as to our responsibility.

Remit by money order, draft, or check. Register your letter if you send cash or stamps.

Free Delivery of Vegetable and Flower Seeds except where stated otherwise

All Vegetable and Flower Seeds offered in this Blue List will be delivered **postpaid** or **express paid**, except where stated otherwise. *On Grass and Clover Seeds, Onion Sets, Potatoes, and Roots, the purchaser pays the transportation charge.* If such goods are wanted by Parcel Post, include sufficient to cover postage on cash orders. On charge orders, postage will be invoiced. If in doubt as to the best and most economical method of shipment, we suggest that you leave this to our judgment.

Prompt Shipment. Practically every order is shipped the same day it is received. You can depend upon us to get your seeds on their way to you as quickly as possible.

Shipping Instructions

With each order, please give complete shipping instructions if goods are not to be sent by parcel post. Give the name of your express or freight office and on which railroad you wish goods shipped. This will assure correct routing.

Bags, boxes, and all packing required for safe shipment of your goods will be supplied free of charge. Marine insurance will be effected on foreign shipments only when so directed.

This Book, known as Burpee's Blue List

is for the exclusive use of Market Gardeners and Florists who, on account of the larger quantities of seeds they require, are entitled to these Special Wholesale Prices. We are anxious to do all we can to help you make a success of your business by supplying the finest seeds it is possible to furnish and let you have them at low prices. As a grower, you know the importance of Good Seeds; you cannot take chances on the quality of the seed from which you expect to make your profits. Sow Burpee's Tested Seeds—you can rely on them. They are guaranteed.

We do not offer the so-called Flower Seed "Trade Packet." Knowing that Florists prefer to buy in definite quantities, we have listed fractional ounce quantities and priced them as low as is consistent with first-class seeds. Should Market Gardeners or Florists want the small packets offered in Burpee's Annual retail book, we will gladly supply them at a special discount of 33⅓%. If bulbs or roots are wanted, we will allow you a 25% discount from the retail prices of separate varieties in small quantities; 20% discount on special collection offers. If large quantities of bulbs or roots are wanted, write for special quotation. No discount will be allowed on packets, bulbs, or roots if the retail value of goods ordered at one time is less than \$2.00.

Burpee's Annual Retail Garden Book

Every market gardener and florist should have a copy of Burpee's Annual Garden Book for 1936 because it is the best and most reliable retail seed catalog ever issued. It fully describes the best varieties of Vegetables, Flowers, and Bulbs. One of these books has been sent to you; keep it on your desk for reference. If you want another copy for yourself, friend or neighbor, let us know, and if you have any friends who grow for market, send us their names and addresses so that we may also mail them a copy of Burpee's Blue List. **Important:** the Blue List is for the exclusive use of the market gardener, trucker, and florist, so please do not let it get into the hands of retail buyers.

The Burpee Guarantee

We guarantee the safe arrival of your order, and the vitality and purity of our seeds and bulbs, to the full amount of the purchase price. You can have your money back any time within the year if you are not satisfied with the results. Even with the highest quality seeds and bulbs, success in gardening or farming depends largely upon cultivation, soil, and weather conditions. Therefore, in no case shall W. Atlee Burpee Co. be liable for more than the amount actually paid us for seeds or bulbs.

Burpee's Seed Farms and Trial Grounds

Where all Burpee's Vegetables and Flowers are Grown and Tested

Our Fordhook Seed Farms

Doylestown, Pennsylvania

The greatest responsibility devolving upon us, and the most exacting part of our business, is the testing for viability and trueness-to-type of many thousands of varieties of both vegetables and flowers before we offer them to our customers.

Fordhook is now internationally famous as the largest and most complete Trial and Experimental Farm in the world, comprising in all 800 acres. Under the direction of a staff of experts of long experience, many improved strains of both vegetables and flowers have been evolved and introduced to the American gardener.

Besides this plant breeding work, all Burpee's seeds sent out are thoroughly tested, so that they may have the backing of the **Famous Burpee Guarantee** (see page 2).

Every year some 22,000 individual tests are made and the results carefully tabulated. Each strain is carefully compared with all other strains of the same variety in cultivation.

Fordhook Farms are located within an hour's drive from Philadelphia. They are 24 miles directly north of Philadelphia, adjoining highway Route 611 leading from Philadelphia to Doylestown and Easton, and thence into the Poconos. You are cordially invited to visit Fordhook.

Floradale Seed Farms

Ideally Located at Lompoc, Calif.

Floradale has been christened "The California Home of Flowers," so widespread has the fame of our western flower-seed farm and seed-breeding station become.

Many thousands visit Floradale every year to experience the pleasure of viewing acres upon acres of thousands of varieties of flowers spread out as far as the eye can reach. There are Petunias, Zinnias, Snapdragons, Asters, and of course that great Burpee specialty, Sweet Peas—hundreds of acres of them in the fertile Lompoc Valley where the rich deep soil, the equable climate, and copious dews combine to endow the seeds grown here with exceptional vigor and vitality.

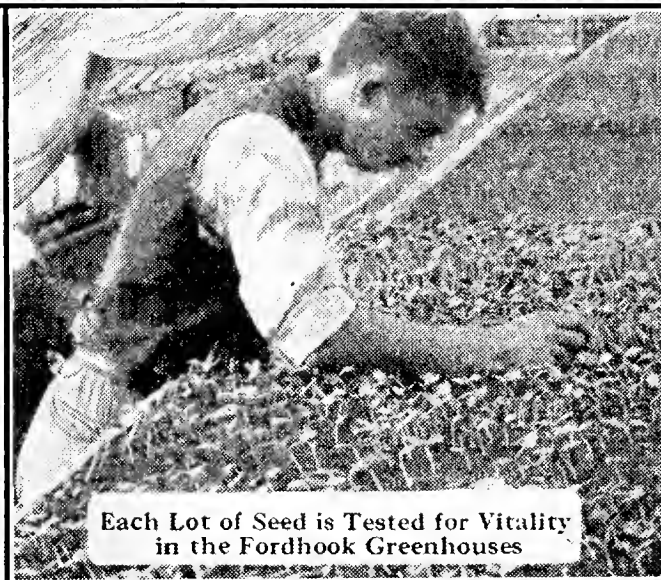

Floradale is considered by many as one of the wonders of America, and if any of our friends should go to California they can be assured of a cordial welcome.

Burpee's Marvelous Giant Ruffled Sweet Peas

(SUMMER FLOWERING)

These new Giant Ruffled Sweet Peas are Burpee introductions, having been developed on the Burpee Floradale Farms in California through years of most careful breeding and selection. The main characteristic of this new type, acclaimed by experts as the greatest advancement in Sweet Peas, is the unusual duplexness and extra frilliness of the flowers. This imparts a double appearance to the large wavy flowers, the frilliness extending even to the edges of the wings. Distinct, beautiful, and interesting.

Burpee's EARLY SWEET PEAS

Burpee's Early Flowering Sweet Peas come into bloom 3 to 4 weeks earlier than the Summer Flowering varieties offered on pages 23 to 27. They are especially adapted for growing in frost-free sections, and for earliest blooms outdoors in the North and also valuable for winter flowering under glass. They are being planted more and more every year. If you live in a locality where the late Sweet Peas have not done well for you, try some Early Flowering. They will bloom before the summer heat arrives. Sweet Peas do best in cool weather. If seed was not sown in the fall, sow as early in the spring as the ground can be prepared. They prefer an open, sunny location, and deep rich soil which must be well drained.

Burpee's Sweet Peas are famous the world over as the "Best That Grow." The flowers are extra large, of perfect form and texture, well placed on long strong stems and usually produced in sprays of four. To simplify selecting varieties, we have marked with a star (*) those that we consider best in their color group.

One-half lb. of any variety at 1/2 the lb. rate; 1/4 lb. of any variety at 1/4 the lb. rate. Less than 1/4 lb. at the oz. rate; 1/2 oz. at 1/2 the oz. rate where the price per oz. is 20¢ or more. Where the price per oz. is 15¢, we will sell 1/2 oz. for 10¢.
